Tennis SERVES
Teaching Tennis to the Visually Impaired

Tennis SERVES is a national, student-run organization that teaches tennis to the visually impaired. We use adaptive technology (relying on sound) to teach the sport. TS is expanding to California and we are actively recruiting high school volunteers to teach. Don’t worry, tennis experience is NOT required and we will train you to teach.

Volunteering with Tennis SERVES fulfills the community service requirement.

WHERE: California School for the Blind
TIME: Tuesdays 3:15-4:30
